To Attorneys

And to whom it may concern:

I beg to call your attention to my capabilities as an auctioneer, and respectfully solicit such business as might be at your disposal. I act as referee; conduct such sales as are formally demanded in the transaction of legal affairs; make appraisements and act as administrator of estates. I have all the facilities necessary for the successful conduct of this special class of business. I am a licensed auctioneer, thoroughly familiar with all the requirements demanded in the office as such, and **PERSONALLY CONDUCT** all sales. In short, I will take full and complete charge of all affairs appertaining to real estate.

WHAT PROF. SCOTT SAID

SPEECH TO HONOLULU FREE
HIGH SCHOOL.

Merit and Deportment Will be the
Qualifications of Pupils—No Whips.
Very Large Attendance.

When the High school opened for the present term, Prof. M. M. Scott assembled all the children in the two rooms on the lower floor and made a talk to them. This is what he said:

"Children, large and small, young ladies and young gentlemen. From this day on tuition in this school will be free of cost to the pupils. The Department of Education has seen fit to give you a free High school. It is an American idea. On the mainland they feel that the State owes to each child sufficient education to fit him or her for the duties of life.

"In the Honolulu High school you will be fitted to enter any university in the world. We purpose taking you from the primary up to the college branches.

"The qualifications to remain in this school will be fitness, study and character. We will have no whips. A boy who misbehaves will not be given the rod. If he has not pride and earnestness enough to behave himself, to keep his deportment up to a proper standard, he will be invited to take his books and go."

There was applause all over the rooms at the conclusion of the last statement, showing that the pupils were heartily in all that had been said.

At the end of the second week Prof. Scott reports this morning that the attendance upon the school is larger than ever before in its history. In the primary and grammar departments there are over 500 children. The principal says he himself was surprised at the numbers that have come in and the uniformly excellent character of the pupils. He thinks that the free system will prove a wonderful advance in the right direction, and wonders now why it was not tried before.

BUREAU'S MISSION NORTH

Looking for an Asylum for the Dreyfus Family.

VICTORIA, B. C., September 5.—Additional information regarding Leon Bureau, secretary to Labor, Dreyfus' counsel, comes from Great Slave Lake, where Bureau admits having obtained some information on the celebrated case. Bureau is remembered as being at Edmonton in June, 1898, in company with a man named Henry, now supposed to be a relative of Lieutenant Colonel Henry. Both said that they were going to the Klondike, but only reached Fort Resolution when Bureau returned and left hurriedly for Paris. He came back this year with a great deal of money and invested heavily. He was also seeking a retired location for a French family which wished to emigrate. In view of recent occurrences it is believed that the asylum sought was for the Dreyfus family. Bureau showed letters to a friend in Edmonton which, he said, he had received from the brother of Captain Dreyfus, and had heated arguments with anti-Dreyfusites among the French colony at Edmonton. Henry is still at Fort Resolution.

BROWN'S PRESIDENT

Rev. Dr. Faunce begins his presidency of Brown University under brilliant auspices, namely, a check for a big sum from John D. Rockefeller, his former parishioner. Brown's trustees have bagged John D. at last.

Trouble Began With Dyspepsia
and Impure Blood

Thorough Course of Hood's Sarsaparilla Completely Cures.

There is danger in impure blood. Disease and suffering are surely coming to those who neglect this threatening symptom. Read this:

"Gilliam, Missouri.

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen:—My troubles began with nervous headaches, which would last me for two or three days. The doctors pronounced my trouble dyspepsia, but they could not do anything for me, and advised a change of location. At the age of 35 a tumor formed on my spine, which

Was Very Painful

but did not rise or discharge. The doctor thought best to cut it out, but I objected. It finally broke and discharged a great deal. The doctors said they could do nothing for it. Then the tumor began to rise inwardly and discharge. I read much about cures by Hood's Sarsaparilla and thought I would try it. Before I had finished taking one bottle I was much relieved. I continued the use of Hood's Sarsaparilla, and after taking 12 bottles I was entirely cured. I am now well, have a good appetite and feel that I owe my life to Hood's Sarsaparilla." W. D. FORD.
